

SUSTAINABLE DEVELOPMENT GOAL

ACTIVITY FOR THE MONTH OF AUGUST

STUDENTS FOR HUMANITY

It is said, 'Being human is given, But keeping our humanity is a choice.'

Values are like jewels for us, they make us humane and humanity is the greatest virtue to imbibe. In order to inculcate the value of humanity among students, Titiksha Public School took an initiative under the tutelage of the Principal Ms Vimmi Jolly. A plethora of initiatives were taken up to invoke the feelings of humanity among young students.

1. Roti Bank

In order to cultivate the habit of giving, Titiksha Public School endeavoured to start a new venture in motivating students to bring roti and vegetable for the poor and needy. The venture started in collaboration with Roti Bank which is committed to bring some relief in the lives of the impoverished people. Students turned up with great zeal and enthusiasm and their participation will certainly give inspiration to others for the betterment of our society.

2. Water Recycle

Once Coleridge said, 'Water, water, everywhere, all the boards did shrink, Water, water, everywhere, no drop to drink'.

It is very true that if we do not conserve water, one day it will become scarce. Water recycle is one of the ways of preserving water. Reservoirs have been made in order to store rain water so that it can be used for doing various chores. The school is taking a lot many steps to sensitize students about the reuse of it.

3. **Rahat-e-flood** - In a collaboration with Goonj, an organization which aims to provide disaster relief to the impoverished and grief-stricken people across the country, Titiksha Public School extended a helping hand towards the poverty-stricken people, who are suffering from the cruel blows of life., an organization which aims to provide disaster relief to the impoverished and grief-stricken people across the country, All the students were encouraged to donate clothes to the needy and down-trodden people. The flood victims were provided with the essential clothing and eatable.

4. **Walls of charity** - It is another initiative through which students painted the school walls with various mind-boggling and thought-provoking ideas to ignite young minds and make them compassionate and considerate. It is only through the humanitarian values that this world can be transported to a better place for mankind in future.

The true meaning of life is to – Serve Humanity.
