A very pleasant morning to everyone present here!

It gives me a great pleasure to welcome you all to the annual function and prize giving function of Titiksha Public School and to brief you about school's achievements today.

We feel honoured to have Mr. Anshu Gupta with us today. His academic accomplishments and success in handling an NGO, Goonj is incredible. Sir, we have collaboration with Goonj and we would like to assure you that this bond is going to be more strengthened and Titiksha fraternity and parent community is going to come forward to support the needy along with you. I thank Mr. Anshu Gupta for agreeing to grace the occasion today with his presence. We are proud to have him with us. Thank you sir, thank you very much.

The theme of the annual function 'Abhuday' means rise and keep rising. Team work and cooperation are closely linked, and I think

that we, at Titiksha, have achieved a lot in the years gone by and this year, it has been the result of tremendous cooperation on the part of everyone associated with this school, but very especially my staff, who have strived might and main to mould the students into future shining citizens of India.

I would begin with infrastructure development in our school and face lift given to the campus. The school is grateful to the chairperson who has been ensuring the rapid acceleration in the growth of our school by providing us support to create an enviable campus infrastructure and by employing competent manpower. School has Badminton, Cricket, Volley Ball, Martial Arts, Music and Dance Academy on the campus for after school special training to students in these domains.

Complete renovation of the building, ensuring safety and security of students and staff, adding new amenities like badminton court, activity area, developing and strengthening of existing sports facilities, academic provisions, rain water harvesting system, solar panels, smoothening the

Transport, complete beautification of the campus etc. have made us move to the higher rungs of the podium in the coming years.

Achieving academic excellence is at the heart of endeavour of our school. We are working to improve and better our academic performance.

Enrichment of skills - As a part of enrichment program, various workshops & seminars are periodically organized throughout the year for staff and students and they are benefited.

School regularised the printing of "Dristikone", a quarterly mini magazine that projects that the great benefits and privileges of a

public school education are extended well beyond the formal classroom teaching. Our students are doing well in various sports and co-curricular activities and Titiksha is proud of them.
